

The image shows a top-down view of a green felt surface. Scattered across the felt are numerous irregularly shaped paper cutouts. Some are a dark, muted blue color, while others are a light, natural wood-grain color. The cutouts are of various sizes and are scattered across the entire surface. The word "CLUSTER" is printed in a white, thin, sans-serif font on the right side of the image.

HIPHOP FORMAE ESTENSIONI

“One, two or three? These small tables with soft shapes fit together thanks to elegant cuts on each level. They can also be used separately.

Solid but lightweight, they fit perfectly into environments with a contemporary approach, reconceptualizing industrial style.”

MARKET RESEARCH

ETTORE FORMAE ESTENSIONI

“Ettore is an ash, steel and brass table, equipped with a shelf that can be placed at different heights according to your needs. The brass key placed on the edge is a functional and aesthetic element that gives the piece an elegant, refined look. Put this beautiful, practical table next to your favorite armchair, where you love to sit, check your tablet and sip a nice cup of tea.

JOHAN VILADRICH
ESTENSIONI

“The stool was designed with the idea to use an entire rectangular aluminum profile of 200x20mm. One piece uses a fifth of the profile and when five pieces are placed sides to sides they form a pentagon. The stools can then be stacked onto one another and form various spatial compositions.”
